## DIAMOND JUBILEE - Sept 16, 2023 SAINIK SCHOOL TILAIYA

New Delhi

July 09, 2023

Santoba Diamond Jubilee/ 002

Dear Alumni of Sainik School Tilaiya,

### **Sub: SST DIAMOND JUBILEE CELEBRATIONS - 16th September, 2023**

It is a matter of great pride to see our beloved Alma Mater Sainik School Tilaiya turn 60. We just cannot contain our enthusiasm and begin count down to the Grand Celebrations being planned at the School on September 16, 2023.

SANTOBA management team is in touch with school administration. We have held various online meetings and discussions with Principal and his team. Needless to say that they want full cooperation and support from SANTOBA in planning this mega event.

To ensure best logistics for the visiting Tilaiyans, school needs an estimate of alumni interested to participate in this event.

We invite Tilaiyans to register on our website to express their intent to join the event. Please go to [santoba.org](http://santoba.org), look for 'SST Diamond Jubilee' button and register yourself.

Further, all announcements related to SST Diamond Jubilee will be available on the link: <https://santoba.org/announcement/sst-diamond-jubilee/>. Please visit this page for authentic and latest announcements.

Our School has limited resources in organising stay at the campus. So, we encourage our alumni to organise their stay in Koderma/ Barhi/ Hazaribagh on their own. Efforts are underway to organise transportation from these places to school on Sept 15 - 17 at regular intervals.

We will be coming to you with more announcements related to this event.

SANTOBA looks forward for cooperation and support from all Tilaiyans to make the celebrations grand success. Looking forward to seeing you at our school on Sept 16, 2023.

Warm regards.

Ravi Kishore

President - SANOTBA
